

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

900 THIRD AVENUE  
NEW YORK, N. Y. 10022

HARMON C. McALLISTER, PH.D.  
RESEARCH DIRECTOR

February 19, 1987

Dr. Minor J. Coon  
Dept. of Biological Chemistry  
University of Michigan  
Ann Arbor, MI 48109-0606

Dear Dr. Coon:

The Scientific Director and CTR's staff have discussed your letter of February 11 concerning partial support of the "Seventh International Symposium on Microsomes and Drug Oxidations" to be held August 18-21, 1987 in Adelaide, South Australia, as a satellite of the Tenth International Congress of Pharmacology in Sydney.

Study of the cytochromes P-450 is of considerable interest to the Council, and the list of speakers assures us that the quality of the meeting will be very high. We have traditionally considered the support of such conferences an important part of our mission. I therefore am pleased to tell you that we will make a contribution of \$2,500.00 (the maximum amount we allocate for the support of a meeting) to help defray the costs of the symposium. A check for that amount is enclosed with this letter.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We also would very much appreciate it if the conference organizers would hold open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
